I have already created a website that my students use to retrieve all missing work. This website includes replacement assignments for all activities except for projects and tests. When students need to make up assignments, then please direct them to [Mrs. Perkins English IV](#).

Under "Forms and Docs" students will find all [Q1 Assignments](#).

If students need specific forms or any directions, they can also be found under [forms and docs](#).

All extra credit to help boost grades can be found under [class announcements](#).

Best,

Ayanna Perkins
